FOR FIRE FEATURES WITHIN 5 FT. OF SWIMMING POOL

The **Battery Powered Electronic Ignition System** was developed for use in portable Fire Pits and Fire Tables. With this system and a portable LP gas tank, you no longer need to invest in expensive gas lines and electrical wiring. After installed, a simple flip of a switch and your fire feature will ignite itself, monitor the flame and relight itself if ever the flame goes out.

BATTERY POWERED ELECTRONIC IGNITION SYSTEM

STANDARD CAPACITY

The **SUBEIS** is the first ever Electronic Ignition System designed for use with Fire ON the Water Surface features. Combined with a 'Submersible' manifold it creates a feature that is truly unique.

## Residential Installation Lake Sherwood

ARCHPOT is a premier manufacturer of Architectural Site Furnishings, providing high quality products to the design and build industry for over 30 years.

The installation shown here is a collaboration between ARCHPOT and Babcock Custom Pools & Environments. The end result is this stunning custom design at a residence in Lake Sherwood, California.

The front walkway is flanked by custom ARCHPOT water features that flow into lighted pools, creating a magical entrance.

Beyond the front door lies an interior living area adorned with contemporary Geo Round Planters, manicured plantings and highlighted with an oversized black marble fireplace.

The upper patio area furniture is arranged around a Midway Rectangle Low Fire Table. Custom Babcock Planters in black finish provide the perfect backdrop.

Perhaps one of the most unique areas of the property is the infinity edge pool which has a built in fire patio complete with acrylic pool windows and Custom Midway Square Fire Table.

ARCHPOT is the contemporary fire vessel company offering you the complete modern solution for burner system technology. For over three decades the company has been creating large scale architecturally inspired hand crafted planters and site furnishing made in the USA.

Specializing in Glass Fiber Reinforced Concrete, every ARCHPOT is created with attention to detail to insure high quality design and functionality. ARCHPOT enjoys working with Architects, Builders, Contractors and Designers to bring creative visions to life.
